

WHAT MOVES US

UbyUS expresses the principle of REPRESENTATIVENESS, achieved through sincere, professional and enduring relationships with our clients.

The client ("you") is represented by our organization, with your demands and desires being incorporated "by us," relying on our effective PRESENCE in all stages of the Project.

Our purpose is to form COLLABORATIVE logic in the development of businesses, seeking DIVERSITY in the intelligence and resources applied, ensuring continuous learning and the constant INNOVATION of our solutions.

For UbyUS, it is essential that our efforts represent a contribution to the construction of an increasingly plural, inclusive and human world.

At UbyUS Advisors, we combine different skill sets,
acquired over the course of our individual histories

WHO We Are

We are recognized for our successful careers in large national and global companies, by the awards we have won, and by the books and articles we have written.

However, far beyond our career paths, skills and competencies, what matters to us is sharing them with our clients, producing balanced solutions and sustainable results.

Our team is ready for your next challenge!
